October 18, 2019

Dear Parents and Guardians:

The Palisades Park School District continues to place a healthy learning environment as its top priority to protect and promote the safety of our students and teachers. Please be advised that we have discovered that a closet inside of an office located at **Lindbergh Elementary School** has discoloration on a ceiling tile. As a precautionary measure, prior to having the samples analyzed we immediately isolated and scheduled for the remediation of the area to take place.

Immediately, I have authorized *Detail Associates LLC* to remediate the area and ensure compliance with federal and state regulations. The district is in the process of conducting a thorough cleanup of the area, as well as any additional quality assurance tests to ensure the safety and well-being of our staff and students, prior to returning to the area.

As always, our administration will take whatever steps are necessary to ensure students and employees continue to work and learn in a clean and safe environment. Please continue to check the district's website for updates on this issue.
